Mr Dory Larrimore
311 Prospect St.
Trenton N.J.

Dear Friend:

I received your letter, and must apologize for not writing you sooner. I am glad you wrote me, because I had really completely forgotten you. I know you can understand. I am hoping (if everything goes alright) that next year we will be able to play a lot of games in Trenton. That is a regular schedule of games that will be arranged at the schedule meeting. Are the Negroes working still in Trenton, or have they been laid off as they have here. Do you expect to have much post war work there? I would really like to know in making my plans for next year, how things are going to look.

I am sending you under separate cover a few cards for the Hazel Scott concert. They are small so they will not be too much trouble. Please put them around for me. I am the Chairman of the entertainment committee of the NAACP. So, naturally I have a lot of work to do. Will appreciate your help in this. The NAACP gets all the money. In fact it is really their program. I mean they are underwriting it.

Please let me hear from you. If you are in this neighborhood give me a ring. Thanks for your cooperation.

Very Truly Yours
